

Coneflower
Echinacea spp.

Purple Coneflower

-  Vigorous plant with daisy-like petals and orange-brown, raised, central cones. Tolerates heat with adequate moisture.
-  **Flowers:** lavender, pink, white
-  **Bloom time:** July-September
-  **Height:** 24-36" **Spread:** 18-24"
-  **Water use:** Low

Blanket Flower
Gaillardia cvs. & var.

'Fanfare'

-  Hardy, showy perennials with gold-fringed, red petals and a leafy base. Flowers are followed by fuzzy seed heads. A Rocky Mountain native; often short-lived.
-  **Flowers:** maroon, red, yellow
-  **Bloom time:** June-September
-  **Height:** 8-36" **Spread:** 12-24"
-  **Water use:** Low

Geranium/Cranesbill
Geranium spp.

Cranesbill cultivars

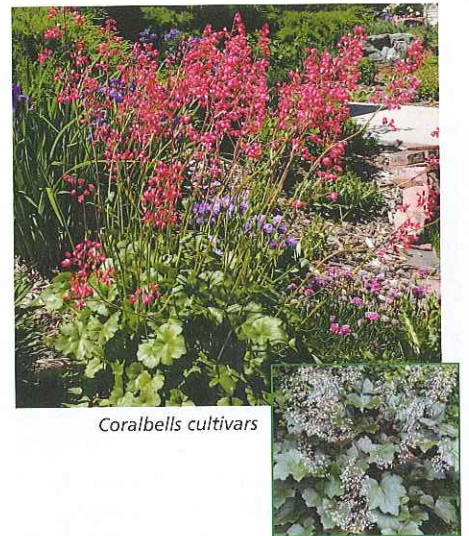

-  Long-blooming, summer to fall favorite with distinctive, mounding, lobed foliage that often changes color in fall.
-  **Flowers:** blue, pink, white
-  **Bloom time:** May-July
-  **Height:** 12-24" **Spread:** 12-24"
-  **Water use:** Medium

Daylily
Hemerocallis spp. & hybrids

-  Lily-like, edible flowers arise from grassy foliage clumps. Available in a wide range of colors and sizes. Some varieties are everblooming.
-  **Flowers:** varied
-  **Bloom time:** July-August
-  **Height:** 6-48" **Spread:** 12-36"
-  **Water use:** Low

Coralbells/Alumroot
Heuchera spp.

Coralbells cultivars

-  Attractive, dark green, scalloped leaves with silver veins form a compact clump. Dainty, bell-shaped flowers hang from tall, airy stems. Some cultivars have purple-mahogany foliage with white flowers. Tolerates sun or shade.
-  **Flowers:** pink, red, white
-  **Bloom time:** June-September
-  **Height:** 12-24" **Spread:** 12"
-  **Water use:** Medium

Iris
Iris spp. & hybrids

'Caesar's Brother'

-  Stately flowers and spiky foliage become a garden focal point when in bloom. Available in all colors; excellent for cut bouquets.
-  **Flowers:** varied
-  **Bloom time:** May-June
-  **Height:** 16-48" **Spread:** 18-24"
-  **Water use:** Low to Medium
